

Our Vision & Values

Our Vision

We are outstanding in our care for individuals who happen to be living with additional health and care needs.

Our Values

Generous - we are generous with our time for team members and for all the individuals we care for. Ensuring we are a responsive, effective and caring team.

Responsible - we all take ownership and pride in everything we do to ensure we provide outstanding care, that's well-led, safe and effective.

Sustainable - we look ahead to the future with our ideas, technology, investment in our homes and ensuring business performance.

Our Principles

Our key principles underpinning everything we do are based on the following five domains outlined by our regulatory body, the Care Quality Commission:

- Safe
- Effective
- Caring
- Responsive
- Well-led
